November Cruz

We had 12 member cars come on the cruise to Boomer's in Bellingham. We cruised along Chuckanut Ridge into Fairhaven, then we headed along the edge of Western Washington University to Boomers. After a great lunch we cruised back along our route to Roland's house in Bow. There we had great conversation, hot Cider and cocoa, and exchanged cookies

Looking to Spend a Little Less on Christmas Gifts..Try These

Make “Cookies in a Jar” - You can use any glass jar you may have on hand. Fill with ingredients for cookie recipe, first ingredient on the top, last ingredient on the bottom. Place a small square of decorative fabric on the top, tie around neck of jar with a ribbon and recipe card.

Make “Teacup Candles”! You’ll need craft-store wicks, wax (or old candles) that can be melted down, old teacups, and maybe a fragrance or two. Pretty single teacups (with or without saucers) can often be found at thrift stores for less than a dollar. Melt the wax in a double boiler, add fragrance if desired, then support the wick standing in the teacup while carefully filling the cup with wax. As the wax cools, it will contract and form a well. You can add more melted wax of the same color or add a second shade.

Make a “spice sampler” Bulk spices can make an affordable and appreciated gift for anyone who loves to cook, or who is moving into a new kitchen. Don’t know which ones to choose? Find some tempting recipes that call for exotic spices, then include the recipes with the spices. Or, get creative and make a custom spice blend for a meat rub, marinade mix, salad dressing kit, dip, or seasoning. You can pick-up small container at any craft store.
